TBD 2021 *YOUR EVENT HERE*

WHAT EVENTS WOULD YOU LIKE TO SEE IN SPRING 2021 AT GLOVER'S LEDGE? LET US KNOW [HERE](#).

THANK
YOU!!

PLANT HIKE

Last month's plant hike was a huge hit! We learned how to identify the golden rods, asters, grasses, hawkweeds, and MORE of Glover's Ledge, and saw a friendly frog or two along the way. Thank you Connor!

- BIRD OF THE MONTH -

RED-BREASTED NUTHATCH

by Kim Snyder

Photo: H el ene Cr ete (Macaulay Library)

These little birds are experiencing an irruptive year! Normally uncommon birds in New England, this year they've been spotted everywhere! Look for them hanging off of trees or at feeders and listen for their nasally "yank-yank". >[Calls](#)

OWL PROWL

We also learned all about owls at last weekend's Owl Prowl with a night hike through Glover's Ledge. A cup of warm cocoa by the fire was the perfect end to the evening. Thank you Antioch Bird Club Co-leader Ally for another WONDERFUL bird hike, and thanks to the IIC for providing us with cocoa!

HUNTING SEASON SAFETY

WE ARE IN MID-HUNTING SEASON - KNOW BEFORE YOU GO! PRACTICE SAFE HIKING BY WEARING HUNTER ORANGE, STICKING TO ESTABLISHED TRAILS, AND AVOIDING DAWN AND DUSK HIKES. SEE OTHER TIPS FOR SAFE HIKING IN HUNTING SEASON [HERE](#) AND THE HUNTING SEASON CALENDAR [HERE](#).

Thanks for Visiting!!
